Welcome to the Northwest Iowa Food Safety Taskforce! This taskforce has been developed to foster communication and education between regulators, educators and industry to identify and focus on food safety risks and the prevention of foodborne illness.

This workgroup is open to anyone interested in helping generate topics and addressing concerns. If you are interested in attending a meeting, or want to be added to the e-mail list, please emailibremer@siouxlanddistricthealth.org.

This page will allow you access to agendas, meeting minutes, quarterly newsletters or guidance documents discussed during meetings.
